

Introduction

Our firm, Fiduciary Financial Partners, LLC, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services to retail investors. Our advisory services include Comprehensive Portfolio Management, Retirement Plan Advisory and Consulting, and Financial Planning & Consulting. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least annually, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We'll offer you advice on a regular schedule based on your needs or requests, and we will contact you no less than annually to discuss your portfolio.

You can select in our agreement whether we are allowed to buy and sell investments in your account without asking you in advance ("discretion") or only buy and sell investments in your account after receiving your permission ("non-discretion"). If you select non-discretion, you make the ultimate decision regarding the purchase or sale of investments. Any limitations will be described in the signed advisory agreement. We will have discretion or non-discretion until the advisory agreement is terminated by you or our firm. We do not restrict our advice to limited types of products or investments.

Financial Planning & Consulting is included in our Comprehensive Portfolio Management service for no additional fee. Financial Planning & Consulting is also offered as a separate service for an additional flat or hourly fee. We do not monitor your investments for the Financial Planning & Consulting service.

Additional information about our advisory services is located in Item 4 of our Firm Brochure which is available online at <https://adviserinfo.sec.gov/firm/summary/156389>.

Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

What fees will I pay?

You will be charged an ongoing quarterly or monthly fee based on the value of the investments in your account. Our Comprehensive Portfolio Management fee schedule ranges from 0.25% to 1.00% depending on the value of the investments in your account. In general, we require a minimum client fee of \$7,500 annually. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, our firm will agree to send you invoices rather than automatically deduct our firm's fees from your advisory account.

Our firm does not impose requirements for opening and maintaining accounts or otherwise engaging us.

Our fees for Retirement Plan Advisory and Consulting Services can involve (1) an annual asset-based fee, (2) an annual flat/fixed fee, or (3) a combination of both. In general, we require a minimum flat fee of \$5,000.00.

The broker-dealer that holds your assets may charge you a transaction fee when we buy or sell an investment for you, although many such fees have been substantially reduced or eliminated in the recent past. The broker-dealer's transaction fees are in addition to our firm's fees for our Comprehensive Portfolio Management services.

Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities have expense ratios that include additional costs that may have a negative impact on the value of your investments over time. The investments that we routinely choose to include in our clients' portfolios have expense ratios that are far below average among those investments that are available to us. This is another way in which we work to reduce the cost of investing for our clients.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees is located in Item 5 of our Firm Brochure which is available online at <https://adviserinfo.sec.gov/firm/summary/156389>.

Questions to Ask Us:

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:

Representatives of our firm are independently licensed insurance agents. In such capacity, they may offer insurance and receive normal and customary commissions as a result of such a purchase. This presents a conflict of interest to the extent that they may recommend the purchase of an insurance product in which they receive the resulting commission. In order to minimize this conflict of interest, they will place client interests ahead of their own interests and adhere to our firm's Code of Ethics as well as clearly explaining this conflict when recommending any such products to our clients. Clients are not obligated to purchase these products.

Additional information about our conflicts of interest is located in Item 10 of our Firm Brochure which is available online at <https://adviserinfo.sec.gov/firm/summary/156389>.

Questions to Ask Us:

- How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our financial professionals are compensated based on the amount of client assets that they service. Accounts with greater amounts of assets under management produce more revenue for our firm, which results in greater per client compensation for financial professionals servicing those accounts. In general, there is a strong correlation between the size of accounts and the time and complexity required in servicing those clients' needs.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and financial professionals do not have any legal and disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Questions to Ask Us:

- As a financial professional, do you have any disciplinary history? For what type of conduct?

Additional Information

You can find additional information about our firm's investment advisory services on the SEC's website at www.adviserinfo.sec.gov by searching CRD #156389. You may also contact our firm at (630) 780-1534 to request a copy of this relationship summary and other up-to-date information.

Questions to Ask Us:

- Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
